

# Building on our Strengths: Stone by Stone

International Conference on FASD

May 21 - 24, 2008

Fairmont Banff Springs Hotel, Banff, Alberta

**The Canada Northwest FASD Partnership invites you to join us in this important multidisciplinary conference. Activities include a variety of speakers, presentations, community showcase displays and poster presentations. Together we will share experiences, enhance partnerships, and build on our existing strengths.**

## Objectives:

- Network with stakeholder groups including professionals, researchers, families, and service providers all working or living with individuals with FASD.
- Increase knowledge on recent developments in the field of FASD.
- Learn about emerging practices in prevention, intervention, care and support of individuals affected by FASD.
- Enhance understanding of lives affected by FASD.
- Celebrate existing strengths in the work being done in the field of FASD.
- Envision and plan next steps based on existing strengths in services, relationships and research.
